

API Q1 and Q2 LEAD AUDITOR COURSES

Do you provide product or service for Oil and Gas Industry?

If so, our online courses enables you to benefit the following:

- Skills and understanding to audit and to update your current system against API Q1 or Q2;
- Obtain an opportunity to develop new auditing skills and add more value to the organizations you are;
- Understand and enhance your system to comply with Monogramming requirements; and
- Build stakeholder confidence by updating teams and processes in line with the latest requirements.

Course Overview

- This practical course satisfies the structured training and examination requirements.
- The course includes presentations of each requirements and auditing requirements and techniques; it concludes online exam with two attempts to ensure higher probability of passing the exam.
- Training certificate will be issued following successful completion of the entire course.
